

About Us

Temag Pharma Limited is a newly established independent company specialised in the manufacturing of made to order unlicensed medicines.

We are based in Hertfordshire and all medicines manufacturing is carried out in a modern and high-class laboratory premises. All processes involved are supervised by our highly experienced Pharmacists to ensure quality is met at all stages of manufacturing.

We deliver medicines to thousands of Pharmacies and Surgeries across the whole country. On our database are thousands of formulations, which is constantly increasing every week. We make all efforts to review and improve our formulas to offer the highest quality medicines.
